Research Interests

Natural Language Generation, Generation is a fundamental task encompassing summarization, translation, and question answering. My efforts have been focused on developing *learned* metrics for evaluation and understanding why generation models hallucinate.

Open Domain Language Reasoning, Given the scale of textual data, retrieval is required for efficient reasoning. I am interested in understanding the limitations of retrieval systems and how retrieval systems interact with reasoning systems.

Education

2018-Now **PhD in Computer Science**, *University of California, Irvine*,
Advised by Sameer Singh.

2016-2018 **M.S. in Computer Science**, *University of California, Irvine*.

2012-2016 **B.S. in Computer Science**, *University of California, Davis*.

Publications

- 2021 **Entity-Based Knowledge Conflicts in Question Answering**,
Shayne Longpre, Kartik Perisetla, [Anthony Chen](#), Nikhil Ramesh, Chris DuBois, and Sameer Singh.
Empirical Methods in Natural Language Processing (EMNLP)
- 2021 **Evaluating Entity Disambiguation & the Role of Popularity in Retrieval-Based NLP**,
[Anthony Chen](#), Pallavi Gudipati, Shayne Longpre, Xiao Ling, and Sameer Singh.
Association for Computational Linguistics and the International Joint Conference on Natural Language Processing (ACL-IJCNLP)
- 2020 **MOCHA: A Dataset for Training & Evaluating Generative Reading Comprehension Metrics**,
[Anthony Chen](#), Gabriel Stanovsky, Sameer Singh, and Matt Gardner.
Empirical Methods in Natural Language Processing (EMNLP)
- 2019 **Evaluating Question Answering Evaluation**,
[Anthony Chen](#), Gabriel Stanovsky, Sameer Singh, and Matt Gardner.
Machine Reading for Question Answering Workshop @ EMNLP **Best Paper**

Industry Experience

- Summer 2021 **Research Intern**, Verneek, *New York, New York*.
- Summer 2020 **Research Intern**, Apple, *Cupertino, CA*.
 - Worked on the Siri query understanding team, developing an evaluation set to assess the robustness of the entity linking system on tail entities.
- Summer 2018 **Data Scientist Intern**, Ancestry, *San Francisco, CA*.
- Summer 2017 **Data Scientist Intern**, Allstate, *Menlo Park, CA*.
- 2014 **Software Engineer and DevOps Intern**, Intel, *Folsom, CA*.
